DSN1208: Coverage

We are pleased to announce that part number DSN1208 (428000-6910), currently available in our AM range, also covers the applications formerly linked to part number 428000-4851.

- > Originally covered LR Range Rover Evoque & New Discovery Sport 2.2D MTM (OE ref: AH52-11001-AC / LR14060).
- > Can also cover LR Freelander II 2.2D MTM (OE ref: 6G9N-11000-MA / LR003468 & 6G9N-11000-MB / LR007372).
- > High durability specifications: The long life brushes and reinforced components allow coverage of vehicles equipped with or without a Stop-Start system.
- > Full DENSO coverage for this application range including automatic transmission vehicles (with Part Number DSN1209). This represents a car parc coverage of 175,098 vehicles (UK & IE).
