## Hybrid Blades

The world's first OEM Hybrid Blades  
for the Aftermarket

## DENSO Hybrid Blades

A new vision

DENSO originally introduced Hybrid Blades to the OE market in 2005. Designed with an integrated, fully covered blade and wiper arm they combine sophisticated design with a low, sleek, discreet profile.

The combined advantages of advanced engineering, superior materials and futuristic design make DENSO's Hybrid Wiper Blades some of the most desirable in the world. It's no wonder they are the original equipment choice of some of the world's top vehicle marques. Featuring the same exacting technologies, our aftermarket range is the first to be launched by an OEM brand - and gives you and your customers unprecedented access to the future of wiper technology.

DENSO Hybrid Blades: The world's first OEM Hybrid Blades for the Aftermarket.

### DENSO Hybrid Blades:

- > Superior wiping performance
- > Stylish, advanced low-profile design
- > Conveniently consolidated range
- > Highly durable for a long lifespan
- > Simple OEM click-on fitment, with additional clip supplied for large hook attachment

Printed in Netherlands DEHB16UK10MM

Driven by  
Quality

# OEM Applications

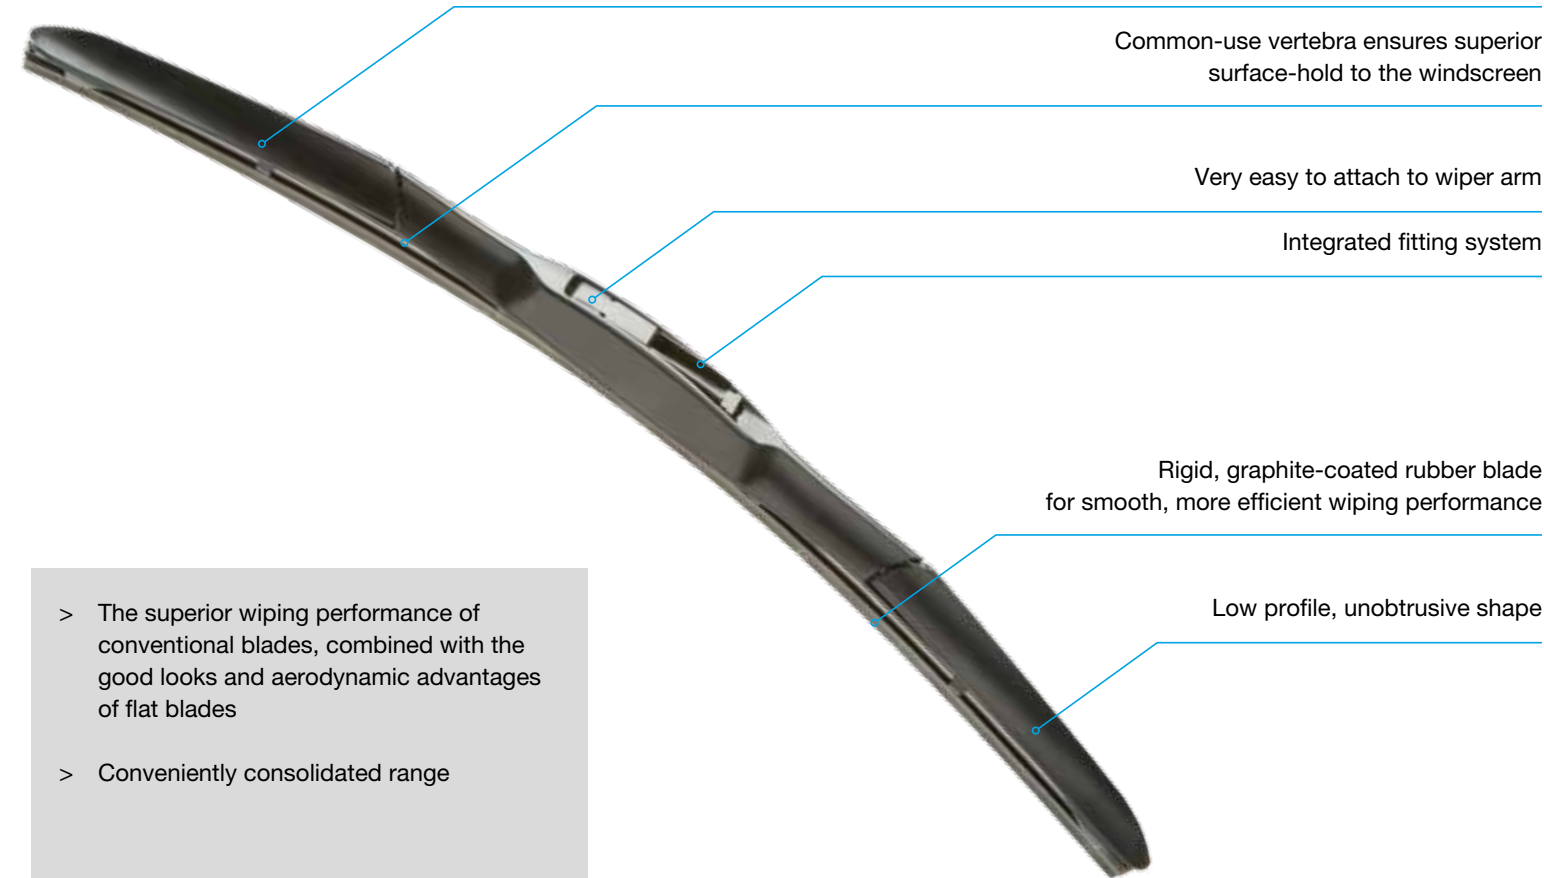

# Features & Benefits

Easy to fit and easy to sell, DENSO's Hybrid Blades represent the future of wiper technology.

# Upgrade options

Fully covered, stylish, matt black body

Common-use vertebra ensures superior surface-hold to the windscreen

Very easy to attach to wiper arm

Integrated fitting system

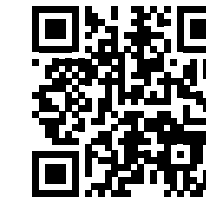

Rigid, graphite-coated rubber blade for smooth, more efficient wiping performance

Low profile, unobtrusive shape

- > The superior wiping performance of conventional blades, combined with the good looks and aerodynamic advantages of flat blades
- > Conveniently consolidated range

DENSO is pleased to confirm that the Conventional, original equipment Wiper Blades fitted on a huge range of vehicles are ideally suited for upgrading to DENSO Hybrid Wiper Blades. This therefore brings extensive upgrade potential.

Please refer to our e-catalogue to find the right parts for your vehicle.
